NIGERIA

HAITI

SIBERIA

The statistics shown here cannot begin to tell the stories of the countless lives touched by CMF(FaithCare) volunteers during this 5 year period. Many people in these remote, poverty stricken areas of the world have virtually no access to medical care. The CMF team has been able to provide life saving and life changing care to these precious needy people. It is our mission to continue to minister by integrating faith and medicine, thus treating the whole person, both physically and spiritually.

An integration of faith and healthcare.
